OBSTETRIC ULTRASOUND

**THE PREGNANCY ULTRASOUND  
(PUP) PACKAGE**

**ASCOT HOSPITAL • AUT MILLENNIUM  
BIRTHCARE, PARNELL • ST HELIERS**

ASCOT RADIOLOGY offers a single-payment package for any obstetric ultrasound scans you may need during your pregnancy. We offer this package to you from the 12 week (nuchal translucency) scan or at any subsequent stage in your pregnancy.

#### THE PUP PACKAGE INCLUDES:

- All scans referred by your LMC for your pregnancy including **nuchal, anatomy and growth scans**.
- You may have as many of these scans as you need. **There is no maximum number of scans, as long as your LMC refers you for each scan.**
- You can have your scans **at any one of our four branches during your pregnancy.** You are not locked into one location.

#### THE PUP PACKAGE DOES NOT INCLUDE:

- Self-referred scans.
- Scans to determine fetal gender only.
- Scans for maternal problems, such as DVT or abdominal scans. There is a separate charge for these.
